

Light, woven 4 way stretch super technical and high performance jacquard fabric, with different design possibilities, useful for functional garments as well as competition, fitness, training and workout clothes. Athletics: running and cycling. Swimwear: training, triathlon and Olympic games. Excellent muscle compression and super comfortable. High chlorine resistance, elastic modulus with strong re-entry capacity, high cover and non-transparency. Presents a very good air passage and it is suitable for tapeable, bonding, ultrasound and laser technologies. No curling effect, no pilling and high tear resistance. Color card 65.
